

Infusion stand OP with weighting

Screw height adjustment

I-OPRE01

PRODUCT DESCRIPTION

Field of application	OR (initiation / recovery room)
Material	Stainless steel
Bottle Holder	Stainless steel to screw in, bottle holder
Number of hooks	3
Arrangement of the hooks	120° to each other
Type of height adjustment	Stainless steel screw safety height adjustment, with softdrop
Maximum length/height	2,470
Minimum length/height	1,475
Inner tube diameter	Ø 25 mm
Outer tube diameter	Ø 33,7 mm
Length of outer tube	1,200
Wall thickness inner tube	1,5 mm
Wall thickness outer tube	1,6 mm
Base leg profile	Ø 33,7 mm
Base weight	Weighted
Base diameter	Ø 680 mm
Castors	Twin castors
Castor diameter	Ø 75 mm
Number of castors	5 with brakes and elect. conductivity
Total load capacity (kg)	25
Load capacity per system (kg)	12
Load capacity per hook (kg)	5

PACKAGING UNIT: UNIT

Best hygienic properties
stainless steel (1.4301)

Seamless base construction
Electro-polished surface

Area of application

The outer tube offers enough space to attach various devices at a user-friendly operating height

Technology

All plastic parts are lightweight

Stainless steel tubes according to DIN EN 10217-7

The integrated pull-out limiter prevents the adjustable tubes from separating

Welded stainless steel castor pins reduce the risk of rusting and improve the mechanical and hygienic conditions

Economy

Compact packaging allows for low-cost shipping

Safety

The base legs are sealed with plastic plugs (no risk of injury)

The Softdrop system dampens and controls the lowering of the inner tube

No risk of injury thanks to the rounded shape of the bottle hooks
