CLIPPER COMPANION BED

Your  in service and hygiene

Clipper

Allowing people to be together

The perfect washable companion parent/child bed.

**When being together is important: whether in a hospital, hotel or holiday home,
Clipper offers flexibility when it counts.**

Clipper is extremely sturdy and yet is easy to move and set up – even by the more elderly and non-experts. To ensure “safe” use, the folding and unfolding mechanism is both spring-loaded and spring-assisted.

This is a medical product which has been designed and made according to these standards.

S-CLIP01 (suitable for washing process)

Steel, RAL9006 powder-coated

S-CLIP02 (NOT suitable for washing process)

High-quality manufacturing

HIGH-QUALITY PROTECTIVE COVER

The practical protective cover is water-repellent and even salt water resistant; it is extremely robust thanks to the high tear resistance of the seams and can optionally be printed according to customer requirements.

Material Polyester with PU coating: tear resistant, lightfast, abrasion resistant up to 20,000 cycles, washable according to EN ISO 105 C06/40 °C

Z-CLIP01

Custom printed to your specifications with hospital logo or similar

Z-CLIP06 (minimum purchase 20 pieces)

High safety standards ensured by click lock after folding.

Accessories Clipper

Both variants are suitable for allergy sufferers. The mattress cover can be washed up to 95 °C. The L-shaped zip is concealed. The dark-blue underside of the cover prevents the mattress from inadvertently slipping.

Mattress “Visko”

Material Viscoelastic: moulds itself to body shapes (“memory foam”) ensuring the best lying position. It is optimised to allow moisture to escape, and the material is resistant to dust mites.

Dimensions 196×78×10 cm

Z-CLIP02

Mattress “cold foam”

Material Cold foam: firm, highly durable foam for best lying comfort

Dimensions 196×78×10 cm
